PRESS RELEASE

GAZA EMERGENCY APPEAL

Help children get through the winter

The Roger Milla Program is launching a fundraising appeal in partnership with DIGNITÉ Internationale to provide tents, blankets and other essentials to children and their families in Gaza.

A tent for shelter, a blanket for warmth, a hot meal and safe drinking water: the **Gaza Emergency Appeal** aims to help families meet these needs during the winter. The campaign also plans to provide **hygiene kits and nappies** for families with young children.

The **Roger Milla Program** coordinates the fundraising appeal. **DIGNITÉ Internationale**, a nonprofit organisation working in Palestine, helps identify the most urgent needs and organise assistance on the ground. Distribution quantities, locations and dates will depend on assessed needs, available supplies and access conditions.

Donations will help pay for essential supplies and the cost of transporting and distributing them. Campaign reporting will distinguish between donations received, expenses incurred and aid delivered to families, including the number of tents and blankets distributed.

How to support the appeal
Visit www.rogermilla-program.org for information on how to donate. You can also support the campaign by sharing this appeal.
